

CONTINENTAL PARK

HOTEL – LUZERN

The first Bike Hotel in the city of Lucerne

The 4-star Hotel Continental Park welcomes guests in the heart of Lucerne, in a quiet location right beside the train station. The third-generation family business has 92 modern and air-conditioned rooms. The Bellini Locanda Ticinese restaurant serves the finest specialities from Ticino. After a hearty meal, leisure guests can explore Lucerne and its surroundings, while business guests can hold meetings in one of the three functions rooms. The Hotel Continental Park provides its own underground car park for its guests, with 23 parking places and a secure bike room. In addition, there are 3 electric charging stations, including 2 TESLA Destination Chargers and 1 connection for all other electric cars.

The Hotel Continental Park is the first official Swiss Bike Hotel in Lucerne and provides ideal conditions for mountain bikers, racing bike riders and more leisurely cyclists alike. With the Hotel Continental Park as a base, you can go on some of the most beautiful tours in Central Switzerland – in just ten minutes our guests can be on the new cycle path, the Freigleis, outside the city of Lucerne heading towards the Alpachersee or Pilatus.

Regardless of whether our guests bring their own bikes or rent a bike (or an e-bike), they may use a secure bike room with a work bench, including special tools and repair stands, the most important replacement parts, a selection of maps, GPS devices for hire and a laundry service. In addition, the Continental guest can enjoy our extensive breakfast buffet, a packed lunch and a ticket for public transport for the entire city of Lucerne.

More serious riders will be just as enthusiastic about Lucerne and the surrounding area as someone who simply wants to trundle along the shore of Lake Lucerne at their leisure. The possibilities are almost endless: action-packed bike trails, mountain bike tours around Pilatus, leisurely bike tours with picnic and bathing stops at Lake Lucerne, to name but a few.

The packages on offer at the Hotel Continental Park are just as diverse as the Lucerne region – whether it's for a spontaneous trip alone, with a bike guide or on the complete bike package, guests are looked after really well by the Hotel Continental and the bike-crazy team.
